HCO POLICY LETTER OF FEBRUARY 13, 1964

CLASSIFICATION

There has been a very wide response to my request for your opinions and suggestions on the HCO Policy Letter of November 26, 1963, Certificate and Classification Changes.

I am glad to say that the basic principle of classification of auditors and preclears has been almost universally accepted, and mostly with enthusiasm. The scheme will therefore go into operation as outlined.

Some objections have been made on the grounds that certain auditors, or certain preclears, might be prevented from progressing further in Scientology. Such individual problems can be ironed out. The purpose of the policy is to enable everyone to progress through the levels in an orderly fashion and to ensure that many more individuals have the opportunity to reach O. T.

I hope that most of your immediate objections will be removed by HCO Policy Letter of February 5, 1964, Founding Scientologist Certificate.* This implements the "Old Timers Clause" which appeared in the original Policy Letter. By sending in your application you will have the right to processing (or auditing if you are qualified) up to Class IV.

Thank you for your help in the past. You can help in the future, too.

L. Ron Hubbard

* HCO Policy Letter of February 5, 1964, is printed on page 8 of this Issue.

ADVANCE NOTICE: As a result of consultation with Orgs and field, there will be changes in classification of Preclears. Ron will announce these changes in the next Issue of Ability.

THE ROLE OF

THE HUBBARD GUIDANCE CENTER

Individual auditing is still available and will continue to be available in the Hubbard Guidance Center. The new policy on training and co-auditing to O. T. has not done away with individual auditing. Far from it. True, most of a person's progress in achieving case betterment and in reaching the state of Operating Thetan will come about through co-auditing, interspersed with training to reach each new Class level, but it is also true that only now has the Hubbard Guidance Center really come into its own in giving assistance to those goals.

Here are some of the ways the HGC can help you:

By helping you to get started in making case gains.

By helping you clear up chronic Present Time Problems that have never been handled before.

By case assessments to determine the level you need to be audited on to get the greatest case progress.

By helping to straighten up co-audit teams that have hit some snag in their progress.

By locating and running out old processes that have never been flattened.

By by-passed charge assessments.

By giving Field Auditors a chance to experience and get a subjective reality on processes.

In short, individual auditing exists and will continue to exist to help accelerate case progress and to repair any difficulties encountered in co-auditing.

Such very notable results are being achieved daily in the HGC in removing chronic problems and in opening up new pleasure in being alive that we forget to note that these would be considered miracles anywhere else than in Scientology!

In addition to a marked increase in effectiveness -- HGC PRICES ARE LOWER. You can now get greater case gain in less time at reduced cost.

The Registrar will supply you with information and help you arrange for your processing in the HGC.

THE DANGEROUS ENVIRONMENT

BY L.RON HUBBARD

THE TRUE STORY OF SCIENTOLOGY

The true story of Scientology is simple, concise and direct. It is quickly told:

(1) A Doctor of Philosophy developed a philosophy about life and death;
(2) People find it interesting;
(3) People find it works;
(4) People pass it along to others;
(5) It grows.

When we examine this extremely accurate and very brief account we see that there must be amongst us some very disturbing elements for anything else to be believed about Scientology.

These disturbing elements are the Merchants of Chaos. They deal in confusion and upset. Their daily bread is made by creating chaos. If chaos were to lessen, so would their incomes.

The politician, the reporter, the medico, the drug manufacturer, the militarist and arms manufacturer, the police and the undertaker, to name the leaders of the list, fatten only upon "the dangerous environment". Even individuals and family members can be Merchants of Chaos.

It is to their interest to make the environment seem as threatening as possible for only then can they profit. Their incomes, force and power rise in direct ratio to the amount of threat they can inject into the surroundings of the people. With that threat they can extort revenue, appropriations, heightened circulations and recompense without question. These are the Merchants of Chaos. If they did not generate it and buy it and sell it, they would, they suppose, be poor.

For instance, we speak loosely of "good press". Is there any such thing today? Look over a newspaper. Is there anything good on the front page? Rather there is murder and sudden death, disagreement and catastrophe. And even that, bad as it is, is sensationalized to make it seem worse.

This is the cold blooded manufacture of "a dangerous environment". People do not need this news and if they did they need the facts, not the upset. But if you hit a person hard enough he can be made to give up money. That's the basic formula of extortion. That's the way papers are sold. The impact makes them stick.

A paper has to have chaos and confusion. A "news story" has to have "conflict" they say. So there is no good press. There is only bad press about everything. To yearn for "good press" is foolhardy in a society where the Merchants of Chaos reign.

Look what has to be done to the true story of Scientology in order to "make it a news story" by modern press standards. Conflict must be injected where there is none. Therefore the press has to dream up upset and conflict.

Let us take the first line. How does one make conflict out of it? "(1) A Doctor of Philosophy develops a philosophy about life and death."

The Chaos Merchant has to inject one of several possible conflicts here: He is not a doctor of philosophy, they have to assert. They are never quite bold enough to say it is not a philosophy. But they can and do go on endlessly, as their purpose compels them, in an effort to invalidate the identity of the person developing it.

In actual fact, the developer of the philosophy was very well grounded in academic subjects and the humanities, probably better grounded in formal philosophy alone than teachers of philosophy in universities.

The one man effort is incredible in terms of study and research hours and is a record never approached in living memory but this would not be considered newsworthy. To write the simple fact that a doctor of philosophy had developed a philosophy is not newspaper type news and it would not disturb the environment. Hence the elaborate news fictions about No. 1 above.

Then take the second part of the true story. "People find it interesting." It would be very odd if they didn't, as everyone asks these questions of himself and looks for the answers to his own beingness, and the basic truth of the answers is observable in the conclusions of Scientology.

However, to make this "news" it has to be made disturbing. People are painted as kidnapped or hypnotized and dragged as unwilling victims up to read the books or listen.

The Chaos Merchant leaves No. 3 very thoroughly alone. It is dangerous ground for him. "People find it works." No hint of workability would ever be attached to Scientology by the press, although there is no doubt in the press mind that it does work. That's why it's dangerous. It calms the environment. So any time spent trying to convince press Scientology works is time spent upsetting a reporter.

On "(4) People pass it along to others", press feels betrayed. Nobody should believe anything they don't read in the papers. How dare a word of mouth exist? So to try to stop people from listening the Chaos Merchant has to use words like "cult". That's a closed group. And they have to attack organizations and their people to try to keep people out of Scientology.

Now as for "(5) It grows", we have the true objection.

As truth goes forward, lies die. The slaughter of lies is an act that takes bread from the mouth of a Chaos Merchant. Unless he can lie with wild abandon about how bad it all is, he thinks he will starve.

The world simply must not be a better place according to the Chaos Merchant. If people were less disturbed, less beaten down by their environments, there would be no new appropriations for police and armies and big rockets and there'd be not even pennies for a screaming sensational press.

So long as politicians move upward on scandal, police get more pay for more crime, medicos get fatter on more sickness, there will be merchants of chaos. They're paid for it.

And their threat is the simple story of Scientology. For that is the true story. And behind its progress there is a calmer environment in which a man can live and feel better. If you don't believe it, just stop reading newspapers for two weeks and see if you feel better. Suppose you had all such disturbances handled?

The pity of it is, of course, that even the Merchant of Chaos needs us, not to get fatter but just to live himself as a being.

So the true story of Scientology is a simple story.

And too true to be turned aside.

FOUNDING SCIENTOLOGIST CERTIFICATE

You have been with me, most of you, for many years. I appreciate that fact. I have been glad of your company and indeed could not have progressed without your support.

Now that research is complete a brand new dissemination programme is going on. There will be lots and lots of new faces. They will be welcome.

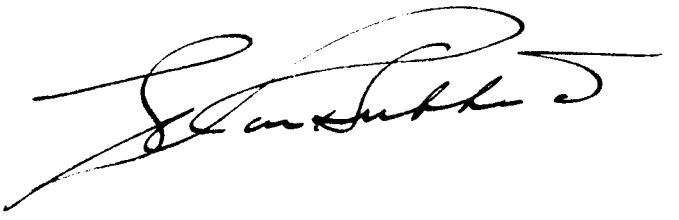

However, I want to be able to specially signify that you were in there with me in the beginning years prior to 1964.

Further, I want you to have the right to use all processes up to Class IV if you were trained before 1964 and want you to have the right to be audited on everything up to and including Class IV if you were not. This is the Old Timers Clause of HCO Policy Letter of November 26, 1963, at work.

If you were with Scientology before 1964 you were an old timer, a Founding Scientologist. If you are to have the right to be processed on everything up to and including Class IV you will make out the enclosed application and send it to me at Saint Hill. Trained or not, if you were with me before 1964 you can apply.

If you know any other old timers, Dianeticists et al, tell them just to copy the application and send it in. They can't be audited above their class without this certificate without chancing an investigation.

You were here in the beginning years. You helped. This is my way of thanking you.

ESSENTIAL INFORMATION EVERY SCIENTOLOGIST SHOULD KNOW

To correct certain misconceptions held by newspapers and areas of the public, the following information is released to assist Scientologists in correcting such ideas:

INCOME

10%: Every Scientology Organization and formal activity pays to HASI in England 10% of its gross income. This is used for administration and research, and is supposed to but does not cover the cost of bulletins, cables, staff salaries, and the expenses of Scientology headquarters. LRH does not receive this 10%. Reference Palmer & Co., 205, Chingford Mount Road, Chingford, London E.4., Chartered Accountants, and the books of HASI and its HCO Division worldwide. All student fees of the Saint Hill Course and contributions are likewise deposited to HASI Accounts as above and are used in operating expenses and are not received by LRH.

LRH has his own personal income. Organizations pay his expenses when travelling and some research expenses. Organizations currently owe LRH considerable sums of money loaned to them by LRH - Johannesburg over £3,000, London £7,000, etc.

LRH paid all the original costs of research out of his own pocket. The royalties of the first book, DMSMH, were all given to the first foundations. LRH owns Saint Hill as his own home, paying for it with his own monies received from the sales of a Virginia property and a yacht he owned. He receives no rent for Saint Hill partial use by HCO Division of HASI or the Saint Hill Course.

There would be nothing wrong if LRH did make money from Scientology as Scientologists are perfectly willing to pay him for his services in administration and research. Boards and officers often express the hope of paying Ron book royalties and sums for good will and amounts loaned and LRH would be perfectly willing to accept them. LRH in some Orgs has drawn a nominal salary in the past as Co-ordinator of Research and it has been well earned but he has drawn no pay for the past several years until lately when £25 a week was given him for his out of pocket expenses.

ORGANIZATIONS

The early Dianetic Organizations were formed and controlled by boards of directors and in early 1952 failed. They

were not under LRH control and direction, their press and public relations were mishandled by these boards. To the late Joe Winter M.D., an original board member, we owe the stress on psychosomatic medicine. "70% of all ills are psycho-somatic, Dianetics can cure them" was Winter's and these handouts were written by Winter. To the first publisher we owe "any two can do it by one reading of this book".

In 1952 in Arizona, LRH started the first Scientology Organizations and these, under his continued direction, have had a consistent and enviable record of forward advance until they now cover the major areas of the world except Communist areas, and bids are now being made by these for our help.

The record of advance and growth under LRH direction and the able service of those he has appointed mark something like a record. Any International firm would have paid $125,000 a year to a general-manager who could have duplicated this feat.

Organizations are being made separate and autonomous as rapidly as possible with LRH serving on each board.

LRH does not own Scientology Organizations. He does however retain ownership of all copyrights and trade marks and registered marks so as to ensure their proper and ethical use.

PRESS

The bad handling of early Dianetic press has caused an inheritance of bad press. This tide is however gradually shifting.

It is notable that all press is based on American Communist and AMA inspired attacks and not once in 13 years had any member of the American press ever personally interviewed LRH. These stories, then, were all written without interviewing Ron, an important point. This record was recently broken by a large U.S. magazine (The Saturday Evening Post) sending its star writer to interview LRH at Saint Hill.

DEGREES

You often hear slurs on LRH "lack of degrees". LRH was trained in mathematics and science at George Washington University, in government at Princeton and was given his doctor of philosophy degree by Sequoia University in California. But there are no degrees or courses given in Universities for the subjects he researches. He does not practice in any field requiring a degree. He does not need or want degrees, but even so he has them.

THE E-METER

The E-Meter is actually a psycho-galvanometer in-

invented about 80 years ago. It is capable of being used as a lie detector. Our modern meter is a transistor version and is tuned to detect overcharged mental areas. It is used during sessions to find areas of stress in the mind and to verify the auditor's and preclear's conclusions. It does not diagnose and will not cure illness and has never been used as such.

The meter is feared by subversives. Only Scientologists with meters could detect subversives. Trained Scientologists are also the world's foremost meter or lie detector operators. Therefore subversive and criminal elements are terrified of and fight the meter.

That Scientologists seldom use the meter to detect subversion and only use it to assist people to know the truth about themselves, does not deter this attack. Cruder E-Meters are generally available in the world and one version can be bought in toy stores in the U.S.

THE POLITICS OF SCIENTOLOGY

Since Scientology can free the individual, its politics easily become those of freedom. In these days of huge bureaucracies a line of thought designated "Rightist" is growing up. A rightist is defined "as one who believes in limiting bureaucracies and in the rights of the individual".

Therefore Scientology whether it will or no gets classed as a "Rightist movement". It is listed in directories in the U.S. as one of the first 17 Rightists movements of the U.S.

The Communist is opposed to limiting the power of the state. He wants a total state and is actually Totalitarian. He does not believe in individual rights but only in group rights. He carries this into economics and even denies one's right to be paid for his work. This is slavery in modern garb.

Therefore Scientology collides with Communism. The Communist uses all manner of fellow travelers to spread his ideas and this helps to give us bad press.

The Medical Associations and drug manufacturers fear the appearance of easy drugless healing and so campaign against any economic threat to their multi-billion dollar income. This also gives us bad press even though we have small interest in healing.

But press has no real bearing on Scientology growth. Good news stories and bad news stories alike do not really increase or decrease Central Organization traffic. Scientology goes by word of mouth, not by press.

SCIENTOLOGY MEMBERSHIP

There are several million Scientologists in the world

today. Closer estimate is impossible due to its constant growth and loose structure.

SCIENTOLOGY AS A RELIGION

HASI was incorporated as a Religious Fellowship in 1952, two years before there were any discussions about churches or ministers.

Philosophy dealing with the individual as a spirit is normally classed as a religion. The same type of material as Scientology was attempted about 2,500 years ago by one Gautama Siddhartha and became the world's oldest civilized religion, known as Buddhism. Laws of life, exteriorization and other materials of Buddhism are similar to Scientology. Scientology, however, is able to achieve results even in early stages that Buddhism could not. This does not make Scientology Buddhism but it does place it firmly in the area of religion.

Theosophy, organized as a body of knowledge similar in text to Scientology has been declared a religion by U.S. Federal Courts.

Scientology is therefore a religion. The only question was whether or not its organizations should be formal churches and auditors ministers. Some Scientology Organizations have become Churches, some as in Australia have remained simply religious fellowships. There has never been any serious question of Scientology being a religion since by definition knowledge ans study of man as a spiritual, rather than an animal, being is of course religious.

That Scientology organizations "use religion for tax purposes" is quite false as the majority of the organizations, while religious, do not enjoy tax exemption and pay their taxes. So the argument has no point.

WORKABILITY AND ETHICS

Scientology is the only activity on Earth that dares practice the following ethical code:

If a person believes he has not been helped his money should be refunded to him promptly and in full.

This now applies to training as well as processing. All auditors and organizations are bound by it.

Instead of letting somebody worry you about whether or not Scientology works, you would do better to point out this clause of our operational code. Nothing that didn't work would dare offer that. Not comparing Scientology to healing, but if medicine or psychiatry were to bind themselves with that clause they would go broke within a year.

Scientology works. It works, however, only as well as the auditor is trained and the pc understands. These, not

the technology, are the only limiting factors in Scientology results today.

This information letter so far, has been mainly devoted to what Scientology isn't. This makes it Scientology Zero. It only refutes what various hostile elements to the society as well as to us choose to accuse Scientology of - a money making fraud that means to overthrow all the poor Communists and take food from the overfilled stomachs of the Medical Doctors and drug manufacturers.

But Scientology survives all that very well because of the following reasons:

L. RON HUBBARD

If anything were really wrong with L. Ron Hubbard, his past, his income, his mind or his work, hostile elements would long since have swept him away. But he has survived 13 years of constant hammering. During that time he has carried his jobs of research, administration and dissemination to success in all three fields. The task and scope of administration alone would have been full time for any executive director of any large organization and so stellar is this record that probably many international corporations would hire him on the spot for $125,000 a year. In dissemination since 1950 he has given close to 30 million words of lectures on Scientology and has written tens of thousands of pages of bulletins and books. In research, he has investigated areas never before approached by Man and has spread out a whole frontier of new knowledge and achieved conditions and states of existence not approached by any other researcher or philosopher in Earth's history.

It takes more than a few ill-natured cracks about income or degrees to knock away any portion of these actual achievements. They have never been topped and now in the field of research they can't be.

He was clear before 1962 and is now, at this writing, four goals down from present time toward O.T., Scientology's highest state.

He badly wants a vacation and some time to do the final recording of Scientology data for its upper levels.

His last vacation was a boat trip to a U.S. Congress in 1962. Since January 1963 he has crowded the next ten years of scheduled research in Scientology into 8 months and completed it. Therefore he feels Scientology owes him a few months to catch his breath.

He considers the research part of his task concluded in August of 1963 since all targets ever envisioned were realized as of that date and only codification and recording remained.

In short, he was not stopped in his principal endeavor - research - by any hostile attempt or distraction in the past 33 years, with their wars, upsets and confusions.

SCIENTOLOGY STAFFS

Headquarters, Central Organizations, City Office and field staffs and auditors have contributed more than their share of loyal and devoted service to LRH and Scientology in the past 13 years and the story of almost any one of these people is itself a matter for legend. What they have gone through, and what they have done and sacrificed to make Scientology come to fruition as a subject and a world wide organization ranks among the great stories of history.

It is they who carried the guidon, took the personal shocks of hostile reception, achieved the results, planted the standard all over the world and kept things going onward and upward. Few fell, few strayed but even these had contributed their best.

It was through their efforts that the public stayed interested, that the technology remained pure, that funds came in to handle research and administration. To them belongs the glory of ultimate success for they carry on. Humanity and future Scientology owes them a debt that can never be repaid. These were and are good people, the best that Earth ever had.

They work for little, they work hard. They do their jobs and not even their name in lights is there to help. Across the world they generate the high headed, confident élan that has made Scientology win through.

A suitable designation and award is now being worked out for all these people.

SCIENTOLOGY'S MISSION

The basic mission of Scientology is to give Man wisdom and freedom.

This is a civilizing mission, but it is also one of individual freedom.

Men are prisoners of themselves and only truth can set them free.

If all men were sane then Society would be sane.

If you, the individual, knew the truth and were processed toward the truth, you would be free. Only lies degrade you. This is the lesson of Scientology.

It is impossible to combat this mission and so we seldom confront the opposition or take it seriously. The opposition deals with days where we deal with eternity. A thousand years from now Scientology will be a bright new name when anything now governed will have vanished from the role of nations.

No organization which can achieve individual immortality ever worries much about momentary hostility. And individual immortality is not only in our grasp but is now being achieved.

But a civilizing mission perforce finds itself in a barbarism and like barbarians the wild and unimformed fight back. You can't civilize some one without getting scratched now and then.

Scientology will someday be acknowledged as one of the great efforts to civilize Earth, along with Buddhism and other such movements. Indeed it will have a higher reputation than that. But in its beginning - now - it knows hostility and baffles the slavemasters.

FUTURE PLANNING

It is the full intention of Scientology to shift emphasis from the taking of fees for processing to teaching and letting individuals process amongst themselves with our help to the levels to which they are trained. All qualified auditors will be granted training rights to the Level of Hubbard Apprentice Scientologist and Classes Zero and One. It will be found that cases respond best to the levels to which they have been trained. It is certainly more economical to be trained and to co-audit with auditors of the same class. And technically it will be found generally true that cases require a level of understanding comparable to the level on which they are being processed. The highest levels of today's processes require full technical training at those levels before the person as a preclear can hope to achieve them. This is technical fact and it holds for all classes, if to a lesser degree. Considerable research has revealed that nobody not trained to O. T. process levels will be able to cope with the auditing, if only because no high level case analysis can be done.

Therefore we are looking at a new era, an era of training and co-auditing where the rule will be "No Auditor may be audited outside his class or on processes above his Class". "All Certified Auditors may train to levels Zero and One and certify and class at those levels."

All materials of the past years are being charted by class for immediate release, all texts are to follow this plan.

Income for auditors and organizations will be shifted gradually away from processing income over to training income. All auditors should consider themselves auditors and instructors. While none will frown at a private auditor processing for a fee, it will be expected that he or she more and more devote time to training.

This charts the new person through all the way, step by step to O. T. and, frankly, is the only way anyone can make it with security and minimal upset and the best way to keep the bridge open. While it may take some years for them to

achieve O.T., they still have the bridge open all the way and their cost will be only a fraction of what it might be.

Now that the skills for O.T. are achieved they are found to be very precise. The untrained will fall by the wayside. They just can't do the highest level processes without long case preparation, and full training. But despite this, the way is still open and can be travelled.

Stability is such that no significant process development has now occurred for almost three months. And skills for each level now exist in a final form. In short the whole road has been opened and how it can be travelled best can be planned with complete security.

Scientology finds itself at that happy state of having achieved the technical completion and results always hoped for, and a reality level of processes that can be applied to every case.

Thus we are indeed planning our future, solidly and with confidence, having emerged from thirteen years of trying and hard trials. Ours is the bid for eternity that succeeded.

MORE INFORMATION ON OWN GOALS

In order to correct any impression that all Goals are implants or that people do not have actual own Goals, GPMs and Items, Ron has asked that the following be published at once:

The actual goals and items of the preclear are several thousand times more aberrative than Implant GPMs.

I have covered the entire scope of Implanted Goals and Implants in general and we are fortunate to have all this material. An auditor must know it to cope with Class VI auditing as these Implant GPMs become confused with Actual Goals Problem Masses on a meter. Further, the Implanted GPM gives the student auditor a marvelous training ground for running Actual GPMs, and it is recommended that the Implant GPM be studied and some of them run before the auditor tries to run Actual GPMs.

Confusion between Implant and Actual GPMs occurs because the implanters used types of goals and patterns found in actual GPMs. Implanters obviously had a knowledge, from historical record or even research, of what a thetan's own goals look like but obviously they never developed the data to a workable therapy or they probably would not have continued to be driven to such a costly expedient as implanting.

It is almost amusing to note how hard implanters work and what overts they must feel they run up, and to note as well that if it were not for a thetan's own Goals Problems Masses, they could effect nothing harmful. How hard they work. And all for nothing. They are not the source of aberration. They merely make the universe seem more unpleasant. As for creating aberration, they could not. Implants are wholly innocuous compared to the thetan's own Goals Problems Masses. One aberrates himself. And if he did not, nobody else could.

Anything worrying the preclear or reducing his capability or life potential is to be found in Actual Items or Goals, not in engrams or implants. These are not primary causes. only the preclear's own goals and items are capable of basically causing the trouble.

THE ACADEMY OF SCIENTOLOGY, WASHINGTON, DC

Under the supervision of Gordon Bell, HGA Class V, Director of Training, the Academy is now fully grooved in to give you superb training under the new Classification plan. This is the best training ever given on Levels II and III. The courses are shortened so that you will get your HQS certificate in one month and your HCA certificate in two months of study. To top this off - the prices are much lower.

The HQS course consists of 175 hours of personally supervised training in Class II skills. This includes 13 tape lectures of L. Ron Hubbard. In this course Communication is taught; through practical drills, the famous TRs, the very basis of your communication is improved. And you learn how to audit the CCHs (Control, Communication and Havingness) and to do Repetitive Processing. This gives a sound basis of auditing skills and is of enormous benefit to the student's ability to handle life and livingness as well.

The HCA course is now an eight week course! In this course the student is introduced to the use of the E-Meter and learns how to assess on the E-Meter, how to find the preclear's havingness process, how to do Sec. Checks and to run a Problems Intensive. It is expected that the student will be a very competent auditor after completion of this course and that many students will want to go into full time auditing. Those who wish to continue in other work will find their ability to handle work to be much improved and that they will get much more rapid advancement in their chosen field.

A student of Scientology is not permitted to "be a case" while undertaking Training. But it is a well known fact that Training itself gives a case gain. Case gain equals being in better ARC with self and others. In training, communication is raised by practical drills. Bring up the C and you also bring up the A (Affinity) and the R (Reality). You are able to like more things, to handle or not handle the things you don't like and to have more things you like. The Reality factor comes up, in that you are able to have more agreement with self and others. You have increased ability to help and have help - and to know help when you see it.

NOW is the time to get your training in Scientology, in fact, the sooner the better, as the Academies will become much more crowded in the near future. Whether you are starting at the beginning at HAS Class 0 or whether with some training already taken you are ready to continue at the level at which you left off -- NOW is the time for it!

HAS courses, Classes 0 and I may be taken at the PE Foundation of the Founding Church of Scientology of Washington, DC, at the Los Angeles or New York Organizations, at any City Office or from Franchised Auditors.

Scientology and Scientologists are not revolutionaries, they are evolutionaries. They do not stand for overthrow. They stand for the improvement of what we have.

Scientology is not political. When the fires of ideology threaten to consume us all, it is time to forget politics and seek reason.

The mission of Scientology is not conquest - it is civilization. It is a war upon stupidity - the stupidity that leads us towards the last war of all.

Change no man's religion, change no man's politics, interrupt the sovereignty of no nation.

Instead teach man to use what he has and what he knows to the factual creation, within any political reference, of a civilization on Earth for the first time.

L. RON HUBBARD
